The Young Man's Fancy

is supposed to turn to love in the spring, and we might add—to thoughts of clothes of brighter hue and more stylish cut than in the fall.

Smart-Sac
Three Button Sack
exemplifies what the swell C. & B. tailoring does for the nobby young man of to-day who has a cultivated taste for dressing well. The fine-tailored appearance at purchase is continued after wearing it. Made of well-shrunk selected fabrics, cut short-waisted and slightly full over the hips. The tailored touch in the design of the front and cut of the lapels makes it the select young man's expression of

as seen in the metropolitan cities. What does it cost to dress so well? CROUSE & BRANDROG, Manufacturing Tailors, Utica, N. Y., answer that question with garments that make possible the wearing of clothes of individual effect at fair prices.

President Concludes His Tour of the Park in the Very Best of Spirits.

TRAVELED THROUGH SNOW

Only Time the Interior Has Been Visited Under Similar Conditions.

Cinnabar, April 22.—President Roosevelt has completed his tour of Yellowstone park. He arrived at Fort Yellowstone today from Norris and tomorrow will inspect the post. Secretary Loeb met him this afternoon and reports that he is in the best of health and enthusiastic over his trip through the park. Secretary Loeb tonight issued the following statement:

"Major Pitcher states that he and the president have just returned from their six days' trip in the interior of the park. The party went on sleds, but used horses between the upper and lower basins, and skis around the canyon, where it was impossible to go anywhere without them. Snow was two to five feet deep on the level throughout the country traversed. This is the first time the interior of the park has ever been visited before snow went off, by any one except scouts or soldiers on duty at the various stations. Loeb, secretary to the president."

BRYAN WILL GREET PRESIDENT.
Lincoln, Neb., April 22.—When President Roosevelt arrives here next Monday William J. Bryan will be at the station with the state officials to greet him.

AFTER A CENTURY.
Heirs Are to Be Paid for Loss of Ship in War With France.

New York, April 22.—After four generations of Christophers had fought and waited 60 years or more, for their share of the spoliation claims award growing out of the desultory naval war fare between this country and France in 1801, Mrs. Mary Christopher, a widow whose home is in Brooklyn and her son Thomas J. Christopher, are assured by their lawyers that they will soon receive from Washington at least \$17,000 as their share of the award.

Their claim is based on the capture in 1801 by the French of the ship *Ganges* owned in part by Vermilya Christopher, a prominent shipowner and merchant in this city.

When France sold Louisiana to the United States one of the stipulations was that \$3,375,000 of the purchase money was to be set aside to pay the spoliation claims. The son of Vermilya Christopher put in a claim for a share of this fund because of the loss of the *Ganges* and the fight has descended to his grandson who, with his mother, is assured by the lawyers that they soon will receive at least \$17,000.

HE IS FRANK.
Italian Marquis Will Swap Title for Dollars With Woman to Boot.

New York, April 22.—Marquis Arthur de Mayo Durrizzo of Naples has come to New York with the avowed intention of marrying an American heiress and in evidence of his earnestness recently advertised to this effect.

The marquis thinks New York is the mecca for heiresses.

"There is more money in New York than in all Europe," he said when asked why he came to New York instead of going to some other large city.

"You see," said the marquis, "I am young and would like a young and beautiful bride with a large dowry. So I came here to find it. American girls are beautiful beyond all others."

Asked if \$100,000 would be a fair dowry, he said:

"It would do but it is not much return for the honor my title brings. My family is nearly 500 years old and has large estates near Naples."

PARENTS ALARMED.
Stanford Flooded With Telegrams Urging Students to Leave.

Stanford University, April 22.—Two more cases of typhoid fever developed at the university this morning. These together with the one reported yesterday, bring the total number of victims living on the campus up to 22. Up to last night the number of persons afflicted with the malady in Palo Alto had reached 68. This makes the aggregate number of 100 cases to date. A marked

ed decline in the daily number of new cases seems to indicate that the spread of the epidemic is about over. At least 300 telegrams have been received here from parents in different parts of the country asking students to return home at once. Few of these requests have been complied with as it is hoped the worst has passed.

MAY BE ARBITRATED.
Strike in Portland Brings Business to a Standstill.

Portland, April 22.—That the strike of the carpenters and painters should be settled by arbitration is the pronounced opinion of a number of Portland's leading men interviewed today on the subject. As to just how this should be brought about opinions differ, but that it should be brought about and that promptly, is the generally accepted view of those seen. The difficulty between the carpenters and painters and the master builders has now reached a stage where its effects are far-reaching and disastrous, not only to the strikers and their employers, but to the entire community. Business houses already notice a diminution of their wanted activity, and this is becoming more pronounced with each succeeding day. It is because of this that the community at large has a direct interest in the matter, and also because of this that business and professional men feel free to urge their views upon the contending parties.

CHURCHES TO COMBINE.
Three Leading Denominations May Become One.

Pittsburg, April 22.—Forty-five delegates, representing the Congregational, Methodist and United Brethren churches, held a meeting here today to discuss the union of these denominations. It is possible that a name including all of the denominations involved will be chosen, provided a satisfactory conclusion is reached in reference to the proposed union. The three denominations have a combined membership of over 1,000,000 souls. If a plan of union is decided it will remain for the various denominations involved to ratify the action of the convention.

RECEIVER APPOINTED.
Unsatisfied Judgments Cause Court to Take Action.

Chicago, April 22.—R. R. Govin of New York, James H. Heckels and Marshall E. Sampson of Chicago have been appointed receivers of the Union Traction company.

The North Chicago Street Railway and West Chicago Street Railway company's receivership was ordered by Judge Grosscup in the United States circuit court late this afternoon upon the return of unsatisfied judgments aggregating over \$1,000,000 in favor of the Guaranty Trust company of New York.

SEES ONLY A GALLOWS.
Al Huse, Bandit and Murderer, Frenzied With Fear.

Bakersfield, April 22.—Wild with terror at the prospect before him, Al Huse last night attempted to commit suicide. He broke a piece of iron from his bunk and attempted to sever an artery in his wrist in three places. He failed only because the iron was too blunt to cut deeply.

DISASTER IN ORIENT.

Victoria, B. C., April 22.—News was received in the mails from Japan of a disastrous colliery accident on April 2. Sixty-five lives were lost as the result of a fire at the Ota colliery, Kinshu. The loss of life would have been greater, but the day was a local holiday. Out of 330 workmen, but 113 male and female employees were at work.

WILL NOT BE RECOGNIZED

Decided Stand Taken Against the Messengers' Union in Butte.

MAY SEEK AN INJUNCTION

Boys and Their Allies Cut Out and Girls Are Carrying Messages.

Butte, April 22.—The American District Telegraph company has suspended all business in Butte as a result of yesterday's riot when the company's offices were mobbed by a crowd of striking messenger boys and their assistants.

Assistant Superintendent Moffitt of New York City, acting upon instructions from the American District Telegraph and Western Union headquarters in that city, has taken general charge of the affairs of both companies in Butte, and declares that, under no circumstances, will the unions be recognized.

Moffitt announced tonight that the Western Union will continue to conduct its offices in Butte, and if necessary an injunction will be asked of the federal court to restrain the striking messengers and their sympathizers. Today girls were employed to deliver the company's messages.

OFFICERS ARE PERSECUTED.
Action Against Men Charged With Smuggling Going Too Far.

Washington, April 22.—Secretary Moody is inclined to believe that the prosecution of naval officers at San Juan, Porto Rico, who are charged with smuggling, is rapidly becoming persecution, and it is intimated at the department that unless the attitude of local officers there changes the desirability of San Juan as important naval station may be impaired. It is even intimated that naval officers there may be withdrawn. These charges against the officials were investigated and, in accordance with the practice at the treasury department, officers who paid double duty on goods brought in, had, as the president and members of the cabinet decided, paid amply for their indiscretion.

Governor Hunt fully appreciates the attitude of the government and is doing what he can to straighten matters out and relieve the officers of further embarrassment.

IS THIS SPORT?
College Students Engage in Contest, Injuring Many.

Philadelphia, April 22.—In a fight, compared to which the average bread riot is child's play, the annual bowl contest between the sophomores and freshmen of the University of Pennsylvania has been waged in the Franklin field and the freshmen won. James Armstrong, a sophomore, is badly injured, perhaps dying, in the university hospital. He had been lying under a struggling mass of students for 10 minutes. A dozen or more students were seriously injured, and were taken out of the fight, but Armstrong was the only man who had to go to the hospital.

Three thousand men, women and children looked on and cheered the combatants.

WAITED LONG YEARS.
A Pension Is Granted Soldier's Widow Ten Years After His Death.

New York, April 22.—Mrs. Montgomery of Nyack has just received pension money for which her husband applied 35 years ago. Edward Montgomery, the husband, served in the Second New York Cavalry in the Civil war. He applied for a pension, but the matter was apparently pigeon-holed, and when 10 years later he died nothing had been heard from it. Recently the government officials, in overhauling old accounts, came across the papers. Mrs. Montgomery received a check for the amount due up to the time of her husband's death.

ASK FOR CONVENTION.
Michigan Wants Republican Party to Meet There.

Detroit, April 22.—A special to the Tribune from Lansing Mich., says: The proposition to hold the republican national convention in Detroit as a feature of the celebration of the semi-centennial birth of the party, under the Oaks at Jackson Mich., has created

ated enthusiasm in the state capital. Auditor-General Powers has communicated with Senator Hanna, chairman of the republican national committee, to secure his views in regard to the proposition.

ERRORS OF WHITES.
Wrong to Give Franchise to Negro Too Soon and to Withhold It Too Long.

New Haven, April 22.—That the north was in error in giving the negro the ballot when it did, was the opinion expressed by President Hadley of Yale, in his lecture in the Dodge course on "The error of those who said 50 years ago that the negro could be given the ballot before he was prepared for it was no greater than those who today think that those rights can be withheld from him after he has developed and is ready for them."

W. P. LORD IS ILL.
Ex-Governor of Oregon Obligated to Return From Post.

Baltimore, April 22.—William P. Lord, former governor of Oregon and United States minister to Argentina, has just arrived here from that country. His return was made necessary by a severe illness. He will proceed to Oregon tomorrow.

OF GRAVEST IMPORTANCE

Matter of Panama Canal Should Be Considered to the Exclusion of All Else.

ADDRESS TO THE EDITORS

Minister of Interior of Colombia Dwells Upon the Proposed Great Waterway.

Washington, April 22.—Arístides Fernandez, minister of the interior of Colombia, has addressed the editors of the newspapers throughout Colombia directing attention to the importance of the fullest consideration in the newspapers of the subject of the Panama canal.

In substance the address says that the matter of the gravest importance which should occupy the attention of the coming congress to the exclusion of all else, is the matter of the Panama canal. He says that all the people should be advised fully of the interest the nation has in matter as well as of the many differences and problems which the project presents.

The minister calls upon all newspapers and editors to publish all they can obtain on the subject, as he says it is a matter of the gravest importance to the well being of the country as well as to the commercial interests of the world.
